

3 February 2016

To whom it may concern;

Letter of Recommendation – Adlingtons

Adlingtons provided the following support to the Department of Defense / Lend Lease Mulwala project:

- Agility store management
- Drafting services
- Fabrication and installation of pipe supports and platform structures
- Cranage and rigging services
- Complete mechanical services including all associated valves and instrumentation
- Gas services
- Water main/safety shower installation
- Chilled water services
- Process Steam services
- Pneumatic services
- Nitrocellulose process services
- Pump installations
- Major process equipment installations: including pressure vessels, conveyors, hoppers, dryers, and filtration systems.
- Glass solvent tower and solvent farm fabrication and installation
- Commissioning team support

Adlingtons had an excellent safety record.

In addition all works were completed with good quality and in accordance with the project timeline.

LendLease would not hesitate to use Adlingtons for future works.

Yours faithfully,

Ty Morse
Commissioning and Qualification Manager,
Mulwala Redevelopment Project
Australia
